

## Ingham Supports the McGrath Foundation

**As a proud partner of the McGrath Foundation, Inghams Enterprises has committed to supporting a Breast Care Nurse in regional Australia for the next three years.** The "McGrath-Ingham Breast Care Nurse" is a specially trained registered nurse who acts as a patient advocate, coordinates care for women with breast cancer, their families and carers. The Breast Care Nurses provide accurate information, support and referral to services for women in rural areas that might not have access to this sort of information otherwise.

Inghams has a new look for October-- *hot pink*. In support of the McGrath Foundation, Ingham products are shedding their trademark red boxes for hot pink packs that are guaranteed to stand out from the flock!

Seven Ingham products will be sporting hot pink packs in support of the McGrath Foundation for Breast Cancer Awareness Month, including Ingham Tempura Breast Tenders, Ingham Breast Tenders Original, Ingham Breast Tenders Sweet Chilli, Ingham Breast Tenders Honey Soy, Ingham Crumbed Breast Nuggets, Ingham Breast Kiev Garlic Butter and Ingham Breast Kiev Cordon Bleu. Look for them in the freezer section of your local supermarket.
